Program Description

SpreadEdge Inter-Commodity Seasonal Spread Program is designed to provide exposure to a broad base of U.S. and European futures markets. Markets generally traded include (but are not limited to) Crude Oil, Brent Crude, Natural Gas, Gasoline, Heating Oil, Gas Oil, Corn, KC Wheat, Soybeans, Soybean Meal, Soybean Oil, Wheat, Feeder Cattle, Lean Hogs, Live Cattle, Copper, Gold, Silver, Platinum, Palladium, 2-yr T-Note, 5-yr T-Note, 10-yr T-Note, 30-yr T-Bond, Australian dollar, British Pound, Canadian dollar, Euro FX, Japanese Yen, and Swiss Franc.

The Program seeks to achieve significant profits across a broad variety of market conditions (both bull and bear markets, and inflationary and deflationary environments). To achieve their objectives, the Programs involve speculating in futures contracts (or options thereon) available for trading on any U.S. or European exchange. Trades are typically seasonal inter-commodity spreads. Some calendar spreads are also used. Options are normally not used but could be used in extreme market conditions for risk management purposes.

Effective risk management, such as the use of stop-loss orders, is a crucial aspect of the Programs, and the Advisor will at times employ risk management techniques in its discretion.

Overview

Inception Date	June 2020
QEP	No
Management Fee	2%
Incentive Fee	20%
Minimum Investment	\$100,000
Disclosure Document	Upon Request
Methodology	100% Discretionary
Directional	Long or Short

Markets Traded

TRADING FUTURES INVOLVES SUBSTANTIAL RISK OF LOSS AND IS NOT SUITABLE FOR ALL INVESTORS. PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE RESULTS. AN INVESTOR MUST READ AND UNDERSTAND THE CURRENT DISCLOSURE DOCUMENT BEFORE INVESTING. THERE ARE NO GUARANTEES OF PROFIT NO MATTER WHO IS MANAGING YOUR ACCOUNT
